2017 **C a t a l o g u e**

We are an Italian design brand for bathroom furniture, accessories and lighting. We hold the "made in Italy" craftsmanship ethos as our core value. An innovative brand which mixes the international vision of its designers with the Italian expertise in the use of techniques and materials; the products are essential, multifunctional and handcrafted by Tuscan family run ateliers with special care and attention to the finer details. We do believe in the value of tradition and the power of creativity. Our mission is to unite the global design trend with our local artisan heritage, creating bathroom furniture inspired by the home design world: stand alone pieces with a versatile soul, suitable for many living spaces, made with love to live long.

Frame Collection

Frame is a modular system of bathroom consoles and furniture. Featuring a straight and minimalist design, it turns as a delicate graphic piece with a Nordic allure. Frame is a flexible system consisting of a number of black graphic frames, customisable depending on your needs and with a functional purpose. The main steel structure is designed to accommodate the basin as well as a counter top in various material such as wood, LivingTec®, marble and stone, while the inside allows you to hang a varnished wood cabinet or a drawer for storage. Thanks to its versatility, Frame is a perfect solution for any living space.

Plateau Collection

Plateau is inspired by the idea of playing and experimenting with shapes and colours, to create a set of products that are stylish as well as useful and versatile. That's how a sidetracking plateau came up, becoming the stylistic leitmotif for the entire collection. Functional and elegant, this detail is a feature in every piece from the bathtub and washbasin to the mirrors, just as a shadow in movement sets down on different surfaces whilst keeping its shape.

G u s

Inspired by contemporary classic furniture to give bathrooms a touch of living room atmosphere. The slim handmade ceramic basin with a hidden siphon is supported by a light see through structure reminding of Gustave Eiffel's Parisian Masterpiece. Gus washbasin is a perfect piece for small or narrow bathrooms. The metal structure is available chromium plated or coated in white, the washstand's ceramic comes with the tap hole.

Fuse lamp

Fuse lamps have been designed with the idea to blend together the tradition of Italian craftsmanship with the essential Nordic aesthetic, resulting in a series of pendant lamps unique in materials and style. Touch and sight play an essential role with Fuse lamps. The soft, smooth porcelain creates a stylistic continuum with the wooden wedge on the top which lights up once turned on, giving a familiar warmth to the entire room. Fuse pendant lamps are great designs for any living spaces, including restaurants and shops. Available in different colours, with orange or grey wire.

FUSE / lamp, p.119

WE ARE PROUD OF OUR HANDMADE WASHBASINS, AS EACH
PIECE IS THE RESULT OF ARTISAN CRAFTSMANSHIP.

*From the selection of the best materials, to the finishing of details we
treasure every step of our manufacturing. A century old process that
requires commitment, expertise and passion to deliver unique and ti-
meless pieces.*

R a s o l a m p

The Raso line features two unique design lamps made of glass. Inspired by the softness of a silky texture, they give a suffused and delicate illumination thanks to the contrasting clear and frosted glass which defines the design.

Material: matt varnished metal
EXROWSACBARRA60/BI

The fabrics are unique items, originally used in set for theaters and movies. We have given them new life: recovering from old industries of the textile district of Prato and recycling them with care in textiles. The availability of materials and colors of the fabrics - being unique items - could change and influence the final object. Our effort is to provide a 100% handcrafted product with unique and inimitable design. Check on ex-t.com the current editions available.
